THE VENGEFUL CAPO

ARCHETYPE

It happened on your watch: The other crime orgs decided that the Family was getting to influential, and that your boss had to disappear. So one night, they sent a nanite djinn to his house. When you did the rounds the next morning, all that was left of the Family was a thin layer of crystallized blood in the beds and on the floor. There was nothing to do but run as fast and as far as you could. You hid in the cargo room of an outgoing far-crawler and spent your last E on a face graft once you arrived in a new city state. That was over a year ago. You have been working as a desk clerk at the infoburst office, but secretly, you have been planning your revenge. Soon, the hounds will be called off. And then all you need is a huge amount of funds...

Special: You have an over-sized head. Your face has been altered. No less than three crime orgs are after you, and there is a 500 E price on your head.

†: Kin-gun (d6/6/burst)

ARCHETYPE BOON

You have a two-way pheromone implant (i.e. detection and secretion). It is of the mechano-chemical type but doesn't need to be replenished. It gives you +3 to Morph.
